Touching Story About Iye Ebo The Mental ill Woman In Edo State Nigeria.

Story on why I, Pst. Dr Johnson Eweka Eboigbe developed interest in this our mentally ill sister, popularly known around 2nd/3rd East Circular Road at Osewende Junction in Edo State, Benin City, Nigeria is that after acquiring an office at No 40, Osemwende Street, Two House from my father's house, where I was raised. I decided to write Sign Boards to direct my customers to my business door point. I spoke to my contact in Benin and he advised we do three signboards. One at 2nd and Osemwende Junction, the other on at 3rd/ Osemwende Street Junction and the 3rd signboard in front of my office which was done.

Two weeks later, I had a dream about the signboards while sleeping at night. When I woke up, I quickly called one of my closed representatives in Benin and asked her to go and check up on the signboards and please record each and every one for me to see on the video. She went right away. She video recorded everything and everywhere around the signboards for me. Everything seems to be fine except that there were heavy grasses around the one at 2nd east circular Junction and Osemwende Street. After my dream, I was thinking that someone must have tampered with my signboards. I then asked her to please get/hire two laborers to go and clean the heavy grasses around the signboard at 2nd Junction/Osemwende Street.

The next day she hired two Hausa's guy and after they finished clearing the bushes around the signboard and the nearby surroundings they recorded it and send me the video, upon my watching the video, I noticed that there was a little house/tent built about 50 feet away from my signboard. I asked Ezeosa what that was, she said that there is a woman living inside that tent for the past two years now, and her name is (Mama Ebo) Ebo in English means "A white Person" and that she was deported back to her country/Edo

State Nigeria after getting ill in Italy. Iye Ebo was a madam in Italy and that she has three upstairs/FLATS in Benin city. As a man of God I know that God most have required of me to get involve

In which I did. I allocated Twenty Thousand Naira (N20,000) for the man that said he has been taking care of her for the past 2 (two) years, to please go to the PSYC medical store road and Usele. Popularly known as Usele PSYC Hospital in Benin the next day Mr. O5 and another lady Miss Oloha went to the clinic, the head of the hospital that day said we can bring her there is no problem and that I should deposit One Hundred Thousand Naira (N100,000) to start her treatment and observed her for two to three weeks to see how (Mama Ebo)/Iye Ebo as she is popularly called, will react to treatment before I make another payment. I said deal, not a problem.

The following day, I waited for Mr. O5 to call me, they did not call me. Then came night I called Mr O5 and Mr. O5 said that Iya Ebo didn't want to follow them out of her tent to the hospital and even that another person from the hospital said that we have to have Iya Ebo's relatives consent before we can bring her to the hospital for admission and treatment.

The next night as I was sleeping I had a dream again that someone wearing red was fighting with me about Iye Ebo asking me what is my business trying to help Iye Ebo.

The following day, I called some friends at top Nigeria Police Dept. in Edo State they gave me the cell phone number of the Chief Head/Director of the PSYC Hospital. He was very aggressive with me on the phone saying that he is in a meeting and that he has nothing to say to me until I can get Iye Ebo's Family to come and tell him her story before he can admit Iye Ebo to his Hospital for treatment. He was even saying that I am in America calling him to help me admit a mad woman into his Hospital in Benin. I then tell him that "Sir in America, they are not called mad people but mentally ill". He said he has been to America several times and that I shouldn't correct him. As the argument was about to get further heated up, I told him that he has won so I have to figure out another way to help Iye Ebo.

I called (Mr) O5 to hold the Twenty Thousand Naira (N20,000) to be buying foods for Iye Ebo until God can open another way for her and me.

As of today 3rd January 2021 I called Mr O5 and he said the Twenty Thousand Naira (N20,000) is finished remaining Three Thousand Naira (N3,000). I am going to be sending Twenty Thousand Naira (N20,000) to Mr. O5 every month to be feeding and caring for Iye Ebo, until further notice that is what I and Mr. O5 agreed on today.

Please if you know Iye Ebo and there is a way you can help locate her family please call me @ +1 347 938 9945. We agreed to be feeding her 3times a day instead of the former one time a day or sometimes nothing.

In conclusion, I Pst-Dr Johnson eweka Eboigbe has over 6(six)years in working and taking care of mentally ill people all over NEW YORK CITY because my company has a subcontract from the USA government.
